December 28, 2022

To Whom It May Concern:

State law requires that election officials manually audit a sample of voted ballots. This audit must be performed after each general election.

The Baltimore City Board of Elections will conduct the manual ballot audit of the 2022 General Election starting on January 17, 2023 (snow date of January 19, 2023) at 10:00 am. This audit should take one day and will take place at the Baltimore City Board of Elections Warehouse, located at 301 N. Franklinton Road, Baltimore MD 21223. The audit is open to the public.

The Baltimore City Board of Elections will manually tally a sample of votes cast for Governor/Lt. Governor and compare the results of the manual tally against the results from the voting system. This process will determine whether the voting system accurately counted ballots during the 2022 General Election.

The State Board of Elections randomly selected the early voting center and election day vote center to be audited, and the Baltimore City Board of Elections randomly selected the mail in and provisional ballots to be audited. Starting on January 17, 2023 (snow date of January 19, 2023) the Baltimore City Board of Elections will manually tally the votes for Governor/Lt. Governor on:

477 ballots cast on one scanning unit on the following dates of October 27 – October 31 of early voting at the Mount Pleasant Ministries Early Voting Center.

62 ballots cast on election day in Precinct 09-012 (Reach Partnership)

77 Mail in Ballots

84 Provisional Ballots

Sincerely,

Abigail Goldman
Deputy Director
